"Not guilty as charged." It is said that the verdict was reached on the first ballot at just about 7 o'clock. Judge Hall, having gone to dinner, it was decided to not return the verdict until 8 o'clock and the court and the attorneys for the defense were so notified by Deputy Sheriff Booth, who had the jury n charge.

The defendant, his attorneys and his two brothers were notined and reached the court room before Judge Hail did. The news that a verdict had been reached had gained circulation and a air-sized crowd was present to hear the ame. It was 8:20 o'clock when Judge Hall arrived and convened court. The ury then filed in and Henry Kirkman, is foreman, announced the verdict as

given above. Judge Hall then formally discharged he defendant and thanked the jury fo ts services and ordered court adjourned until 10 o'clock this morning. The friends of Mr. Romney crowded around him with congratulations upon his acjuittal. He thanked each of them very arnestly and then, in company with his brothers and attorneys, left the court room and went directly to Judge King's onice. The three brothers then went to their mother's home, at 227 E street, to break the news to her. She was overcome with joy at the news and

broke down and cried. Mr. Romney will probably return to farming. He went out to his farm yesterday and stated that he would prob-ably remain there, although circumstances might induce him to change his mind. He expressed no surprise at the verdict as he said he was confident of n acquittal from the very beginning of His attorneys, Judge King and J. M. A Remedy Which Has Revolutionized the Treatment of Stomach

Troubles. The remedy is in the form of pleasan derful discovery nor yet a secret patent medicine, neither is it claimed to cure inything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer.

The remedy s in the form of pleasant tasting tablets or lozenges, containing regetable and fruit essences, pure usep ic pepsin (government test,) golder seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power or Stuart's Tablets show that one grain of the active principal contained in them is sufficient to thoroughly digest 3,000 grains of raw meat, eggs and other

vholesome food, Stuart's Tablets do not act upon the bowels like after dinner pills and cheap athartics, which simply irritate and in-dame the intestines without having any ffect whatever in digesting food or curng indigestion. If the stomach can be rested and as-

sisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago ind now the most widely known of any

treatment for stomach weakness. This success has been secured entirely upon its merits as a digestive pure and simple because there can be no stomach trouble if the food is promptly digest

Stuart's Dyspepsia Tablets act entirey on the food eaten, digesting it com-pletely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "pills" and cathartics which have absolutely no digestive power. Stuart's Dyspepsia Tablets can be

found at all drug stores and the regular use of one or two of them after meals, will demonstrate their merit better than any other argument.
